JAIPUR, RAJASTHAN

+91 70146 92039

Playwright

Core concepts

01 Playwright setup, test runner and browsers

02 Accessibility locators and automatic waiting

03 Fixtures, browser contexts and test isolation

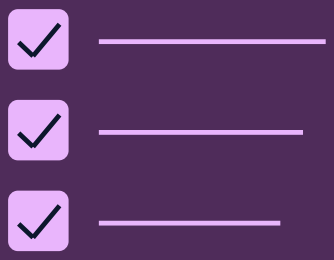

Select the risks

Choose a critical user flow and list representative test conditions.

Playwright

Applied skills

- **Test cases**
- **Test run**
- **Evidence**

04 Assertions, API helpers and controlled fixtures

05 Trace viewer, screenshots and debugging

06 Parallel execution, CI and HTML reports

PROJECT DELIVERABLES

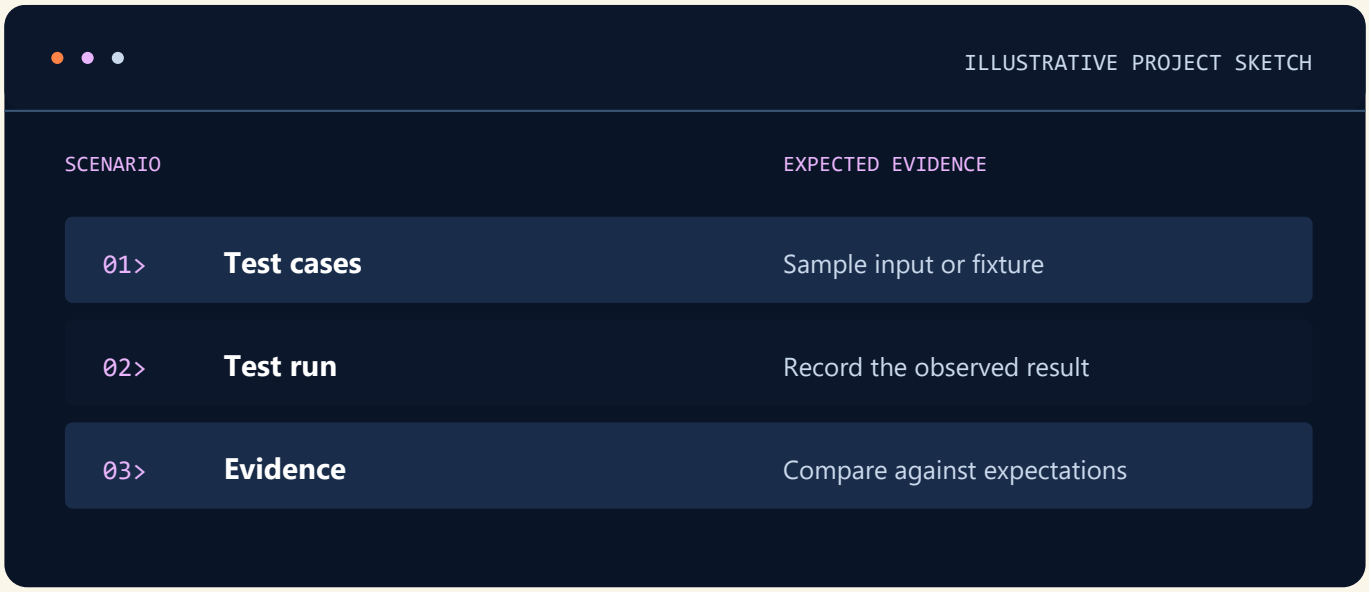

A test plan, evidence from representative scenarios and a summary of open issues.

Playwright

Portfolio project

Browser Regression for a Booking Site

Test a booking journey with isolated browser contexts, API fixtures and trace-based debugging.

Select the risks

Choose a critical user flow and list representative test conditions.

Collect evidence

Capture expected and observed results and summarise any release risks.

A test plan, evidence from representative scenarios and a summary of open issues.

Course content

MODULES 01–02

01

Lessons & practice

- Playwright setup
- Test runner
- Browsers

HANDS-ON Set up the Playwright runner and execute one browser test.

02

Lessons & practice

- Accessibility locators
- Automatic waiting

HANDS-ON Use role-based locators and assert a result without adding a fixed sleep.

Playwright

Course content

MODULES 03–04

03

Lessons & practice

- Fixtures
- Browser contexts
- Test isolation

HANDS-ON Run tests in isolated browser contexts with reproducible fixtures.

04

Lessons & practice

- Assertions
- API helpers
- Controlled fixtures

HANDS-ON Use an API helper or a controlled fixture to prepare test data.

Playwright

Course content

MODULES 05–06

05

Lessons & practice

- Trace viewer
- Screenshots
- Debugging

HANDS-ON Use trace and screenshot evidence to explain a failed assertion.

06

Lessons & practice

- Parallel execution
- CI
- HTML reports

HANDS-ON Run a small suite in parallel and capture an HTML report.
